

SHARED APARTMENT WITH HOST

Factsheet 2024

DESCRIPTION

A Shared Apartment With Host is a great way to have an authentic, independent living experience in the city. Students will have a private bedroom in the apartment of a local and share common spaces. Meals are self-catering so students can choose to cook at home or eat out. Most apartments have 1 or 2 international students, so there may be other Expanish students living in the same place, although this is not guaranteed. There is always a local host living in the apartment to guarantee Spanish practice at home and contact with the local lifestyle.

QUICKFACTS

- Private bedroom
- Shared bathroom and common spaces
- Self-catering, students have access to a fully-equipped kitchen
- Includes free Wi-Fi, bed linens and towels, and weekly cleaning of bedroom
- High level of Spanish practice
- All apartments have been personally approved for quality and comfort
- Located up to 40 minutes to the school

LOCATION OF APARTMENTS

Our shared apartments are located in the best and safest neighborhoods in the city and they will always be within a maximum of 40 minutes from the school. Example neighborhoods are Recoleta, Almagro, Villa Crespo, Palermo, Belgrano, and many more. They will always be within 5 blocks of public transportation (subway or bus) that comes directly to the school to make your daily commute as easy as possible.

MATCHING STUDENTS TO A HOST

When students book a program with us we will ask if they object to living with smokers or house pets and if they have any special needs like allergies. We can always guarantee these things, and we will use them to assign students to an apartment. Students are more than welcome to include other special requests, like living in a specific neighborhood, and we will do our best to accommodate but cannot 100% guarantee them.

WHO WILL STUDENTS LIVE WITH?

In the shared apartment students will live with at least one local Argentine host and possibly other international students. Apartments range from two to five people, depending on the size of the apartment. There can be a mix of both locals and foreigners. Please keep in mind that the school cannot guarantee that students will live with other students in this housing option.

CHECK-IN AND CHECK-OUT

- Check-in on Sundays after 12 pm (noon)
- Check-out on Saturdays before 12 pm (noon)

*Students may not arrive at their housing before 8 am without booking the room from the day before. If students arrive before check-in time, they may not be able to move into their room until after 12pm. Other check-in days are available upon request.

NOTES

- Students should state whether they suffer from allergies upon booking a shared apartment.
- Students will receive a key to the apartment upon arrival.
- Housing assignments are sent out 2 weeks before arrival.
