SPANISH COURSE

A personalized, engaging, and student-focused educational program designed to immerse students in a dynamic learning experience. Throughout, we maintain a lighthearted and playful approach, ensuring that classes are enjoyable. Our teachers, all native speakers, bring a wealth of experience to create a vibrant and effective learning environment.

Our classes nurture the development of the four essential language skills: speaking, reading, writing, and oral comprehension.

- 20 lessons per week taught entirely in Spanish
- All class material is included
- Maximum 12 students per class
- Classes are held on the residence premises.

ACTIVITIES

Students will enjoy a blend of cultural, social, and sporting activities throughout the week, including night-time events and weekend excursions. These activities are carefully crafted to encourage students to delve into the local culture, practice Spanish beyond the classroom, and have a great time.

We will have a mix with local students in some of the activities.

Cultural Activities: These engaging activities, lasting 2 to 4 hours, unfold in Málaga during weekday afternoons. Examples comprise walking tours, flamenco and salsa classes, museum visits, and more, with a total of 5 activities per week.

Night Activities: Students will partake in organized night-time activities, fostering socialization in a structured setting. Options include disco night, movie night, night tours, and similar events, with 3 activities scheduled each week.

Excursions: A highlight is the weekly excursion, offering students the opportunity for day trips or weekend** adventures to nearby cultural sites such as Nerja/Frigiliana, Marbella and the coast, Río Chillar, or Aqualand. During day trips, students will be provided with a packed lunch and a snack.

** Weekend activities/excursions are not included for students taking a 1-week course
